1. This paper is an attempt to clarify the fee situation in the above referenced application.
2. Applicant's filed a letter 10/6/2000 requesting that the Examiner withdraw the Informality re Payment of Fee and included a copy of the last page of the claims showing that only 48 claims were filed when the Notice of Informality from the Office stated that 112 claims had been filed. In fact, based on the way in which multiple dependent claims count as claims for fee calculation, the 112 claim number is correct.

The following example, taken from the instant claims, is given to clarify the situation. Reference should also be made to paragraph 3 of this letter which includes MPEP citations discussing fee calculation in multiple dependent claims.

Example

Claim 8 depends on "any one of claims 2, 4 or 6". For fee purposes, claim 8 counts as three (3) claims.

Claim 9 depends on "claim 8", but since claim 8 depends on "any one of claims 2, 4 or 6", claim 9 also counts as three (3) claims.

In this way 112 claims are seen as being filed by Applicant in the instant application.

3. The following citations from the MPEP discuss the calculation of fees involving multiple dependent claims:

607 Filing Fee

When filing a nonprovisional application, a basic fee entitles applicant to present 20 claims including not more than 3 claims in independent form. If claims in excess of the above

Art Unit: 2162

are included at the time of filing, an additional fee is required for each independent claim in excess of three, and a fee is required for each claim in excess of 20 claims (whether independent or dependent). Fees for a proper multiple dependent claim are calculated based on the number of claims to which the multiple dependent claim refers, 37 CFR 1.75(c), and a separate fee is required in each application containing a proper multiple dependent claim.

37 CFR 1.75 Claim(s).

(c)One or more claims may be presented in dependent form, referring back to and further limiting another claim or claims in the same application. Any dependent claim which refers to more than one other claim ("multiple dependent claim") shall refer to such other claims in the alternative only. A multiple dependent claim shall not serve as a basis for any other multiple dependent claim. For fee calculation purposes under § 1.16, a multiple dependent claim will be considered to be that number of claims to which direct reference is made therein. For fee calculation purposes, also, any claim depending from a multiple dependent claim will be considered to be that number of claims to which direct reference is made in that multiple dependent claim. In addition to the other filing fees, any original application which is filed with, or is amended to include, multiple dependent claims must have paid therein the fee set forth in § 1.16(d). Claims in dependent form shall be construed to include all the limitations of the claim incorporated by reference into the dependent claim. A multiple dependent claim shall be construed to incorporate by reference all the limitations of each of the particular claims in relation to which it is being considered.

608.01(n) Dependent Claims

Calculating Fees for Multiple Dependent Claims -- Proper Multiple Dependent Claim

35 U.S.C. 41(a), provides that claims in proper multiple dependent form may not be considered as single dependent claims for the purpose of calculating fees. Thus, a multiple dependent claim is considered to be that number of dependent claims to which it refers. Any proper claim depending directly or indirectly from a multiple dependent claim is also considered as the number of dependent claims as referred to in the multiple dependent claim from which it depends.
